

DICHIARAZIONE DI CONFORMITÁ

Alech srl Via Platone 22/1 IT-42048 Rubiera (RE) Italia

we declare under our sole responsibility that GA001-TW01-ACTR-07

comply with the requirements of the European Directive 1999/5 / EC, 2014 / 53EU RED Directive concerning radio equipment and telecommunication terminal equipment;

and comply with the European Council Recommendation 1999/519 / EC regarding the limitation of exposure of the population to electromagnetic fields from 0 Hz to 300 Ghz.

Compliance with the requirements of the European directive 1999/5 / EC has been verified by applying the following harmonized standards:

ETSI EN 301 511 V9.0.2 - "Global systems for mobile communication (GSM); Harmonized EN standard that meets the essential requirements based on article 3, paragraph 2 of the R & TTE directive (1999/5 / EC) for mobile stations in the GSM 900 and GSM 1800 band "

ETSI EN 300 220-2 V2.3.1 - "Electromagnetic compatibility and radio spectrum problems (ERM); Short Range Devices (SRD); Radio equipment operating in the 25 MHz to 1 000 MHz frequency band with power levels up to 500 mW; Part 2: Harmonized EN covering the essential requirements referred to in Article 3 (2) of the R & TTE directive "

ETSI EN 301 489-1 V1.9.2 - "Electromagnetic compatibility and radio spectrum problems (ERM); Electromagnetic Compatibility (EMC) standard for radio equipment and services; Part 1: Common technical requirements " ETSI EN 301 489-3 V1.4.1 - "Electromagnetic compatibility and radio spectrum matters (ERM); Electromagnetic Compatibility (EMC) standard for radio equipment and services; Part 3: Specific conditions for short range radio equipment and services between 9 kHz and 40 GHz "

ETSI EN 301 489-7 V1.3.1 - "Electromagnetic compatibility and radio spectrum matters (ERM); Electromagnetic Compatibility (EMC) standard for radio equipment and services;

CENELEC EN 60950-1: 2006 - "Information technology equipment - Safety - Part 1: General requirements"

Compliance with European Council Recommendation 1999/519 / EC has been verified by applying the following technical standards:

CENELEC EN 50385: 2002 - "Product standard to demonstrate compliance of radio base stations and fixed terminal stations for wireless telecommunication systems with the basic limits and reference levels relating to human exposure to radio frequency electromagnetic fields (110 MHz - 40 GHz) - Population "

CENELEC EN 62479: 2010 - "Assessment of conformity of low power electrical and electronic equipment to the basic restrictions relating to human exposure to electromagnetic fields (10 MHz - 300 GHz)"

All technical documentation regarding these products is kept by: Alech srl
